KENTUCKY CHALLENGE CUP

Won By W. H. Hall of Maysville
at Latonia Gun Club
Shoot

Sunday's Cincinnati Enquirer.

W. H. Hall placed Maysville, Kentucky on
the trap shooters' map when he won the fourth
contest for the Kentucky State Challenge Cup
yesterday, defeating T. H. Clay, Jr., of Paris,
Ky., the holder; E. Hammerschmidt of Latonia,
challenger, and H. R. Irwin, Ft. Thomas; H.
T. Strother, Winchester, and Captain G. W.
Dameron, Bellevue, who had entered for the
race.

The race was between Dameron and Hall
from the start. In the first round the former
got a lead of one target, but Hall went straight
in the second round and secured a lead of two
targets. The next two rounds made no differ-
ence in the standing of the two leaders, each
missing two targets. In the last event Hall
went straight, while Dameron dropped two
targets, thus giving the match and cup to Hall
with the score of 95 to 91.

The cup was first shot for at the state shoot
last spring, when T. H. Clay and J. D. Gay
tied on 96, the former winning the shoot-off
23 to 21. He was challenged by F. C. Bell, and
the match was shot on the Fayette Gun Club's
grounds, Lexington, resulting in a tie on 95,
Clay again proving the winner in the shoot-off,
breaking 24 to 22. Clay was challenged by
Charles B. Strother, the match being shot on
the Winchester Gun Club's grounds, and Clay
winning on a score of 97 to 96.

The next contest for the cup will be held
at the state shoot in Winchester next spring.

The city of Geiverton, Texas, plans to be-
come the best lighted municipality in the
world.

Accident to Baby Girl

Helen, the four-months-old daughter of Mr.
and Mrs. C. J. Holman, who have rooms over
Mr. C. T. Ramey's residence, corner of Third
and Limestone streets, was seriously injured
Sunday afternoon by a window sash falling and
crushing her foot. Mrs. Holman was holding
the child on the window sill when she was at-
tracted by the noise of some children playing
in Limestone street, and accidentally knocked
the stick down that was holding up the window,
and, before she could get the baby out of the
way its foot was caught by the heavy sash,
crushing its foot in a terrible manner.

Good For Two Full Seasons' Wear

Our Suits and Coats are not only the sum of "distinction in dress," but they are a synonym for service. Thanks
to their perfect tailoring and shape-retaining qualities, their makers can safely warrant every garment good for two
full seasons' wear.

The Comfort Shirt for Infants and Children

The double-breasted features of the garment affords extra protection where most desired. Nothing but the
finest wool is used in making the shirts but notwithstanding they are all wool if properly washed in warm not hot
water they will not shrink.

Made in coat effect with only two buttons. To summarize it is the only shirt that offers double protection to
chest and abdomen, it is the most comfortable, the easiest to put on, always soft after washing, the shirt for infants
and children that will give you perfect satisfaction. Price 35c and 50c according to quality.

Satins of Quality 49c to \$1 Yard.

Their name is legion. Chiffon satin, meteor, Charmeuse, messaline, Venice and so on through countless varia-

W. H. Taft.

J. S. Sherman

REPUBLICAN TICKET.

FOR PRESIDENT,
WILLIAM HOWARD TAFT.FOR VICE PRESIDENT,
JAMES S. SHERMAN.FOR CONGRESS,
HON. HARRY BAILEY.

Let well enough alone. Remember the Cleveland era of free soap and Coxey's Army.

Fifty-three and a half per-cent. in value of the goods we import now come in free. The tax levied upon the remainder protects home industries and goes to support the government.

A New Zealand government commission has just reported that the cost of living in that British colony has increased 16 per cent. in 17 years. Blame this on Taft and the Republican party.

Many workmen who are now busy, will recall their experience in 1893, 1894 and 1895; and decide not to express any electoral preference for the return of that season of idleness, gloom and suffering.—Pindlay Republican.

"The invisible opponents of the new Ohio Constitution," says the Youngstown Telegram, "have decided to give the voters of Ohio what they asked for." Rather what about 30 per cent of the voters of Ohio forced on the State.—Marion Star.

"T. R. is doing well at least part of what he set out to do," says a herald of the new dispensation of Jacobinism. "He's smashing the Republican party." Trying to smash it, contemporary. There's a heap of difference between trying to do a thing and doing it. The party survived the radical malcontents of 1864; it survived the "liberal Republicans" of 1872; it's going to survive T. R.—Hartford Courant.

Mr. Taft was justified in saying at Beverly that "the people will not turn permanently from the most valuable lessons of experience in the past, from those institutions of civil liberty, those guarantees of personal rights, and those limitations upon the majority contained in the Constitution." The probability is that the people will not even turn from them temporarily to serve the purposes of either one of the radical candidates.—Rochester Democrat and Chronicle.

"Mr. Taft has made some grave mistakes. Though his judicial appointments have been unusually good, he has erred greatly in the selection of his Cabinet and of other officers; but his errors have been due mainly to a sincere desire to carry out his party's unsound platform and especially to uphold the unjust, corrupting and intricate tax-system called the protective tariff. He is an able, honest man and never a demagogue. He at least has more candor, stability and moral courage than Roosevelt. He does not promise unattainable things and a happy millenium.—Governor Marshall, Dem.

Word comes from Cleveland that the I. and R. is soon to be used to secure Jim Crow cars in Ohio.

Reliable news from Pennsylvania and Michigan is that the Roosevelt flare-up is flickering out, and the Taft sentiment is steadily growing. This is also the Ohio situation.

Aviation has now claimed 50 victims from among army airmen, most of them officers. It would take a pretty severe battle to show a similar death list.—New York World.

Concerning the Bull Moose party George J. Gould said: "It is all 'Bull' and nothing else. I consider Col. Roosevelt a rather dangerous candidate. The people do not like the idea of a third term. A second term leads to a third term, and a third term to dictatorship, and a dictatorship to a monarchy. The people fear Roosevelt on that account."

The aggregate resources of the banks of the State Ohio on September 4th were \$540,326,300.04, as compared to \$521,258,444.13 on April 18th, 1912. According to bank examination there has never been a time when Ohio banks were in better shape than they are at this time. Ohio banks today have \$17,000,000 more in reserve, as shown by the reports of the department, than they are required to keep by law.

LIGHT NEEDED.

When the Hon. Theodore Roosevelt goes on the stand we would like him to explain the correlation of his message of August 22, 1907, to Charles J. Bonaparte, Attorney General—

"Please do not file the suit (against the Harvester Trust) until I hear from you"—with the note to him from his Commissioner of Corporations, Herbert Knox Smith of date August 21st, 1907—

"It is a very practical question whether it is well to throw away now the great influence of the so-called Morgan interest."—Louisville Times.

Political Pickings

Chicago News: Standing at Armageddon involves a great deal of Railroad travel.

Philadelphia Record: Bourke Cockran is in the Progressive party now; he has been in everything else.

Columbus State: Put on your hat, Mr. Debs. Mary Garden was pinched for less than that.

Milwaukee Sentinel: A Gould has gone bankrupt in New York City. But it was Rita Gould, an actress.

Herville Mountain Sun: Teddy says he doesn't want to be a King. Well, there is only one other male character in the deck, and he's it.

Atlanta Constitution: Reports to the contrary notwithstanding, President Taft must be in fine health, since he takes such a rosy view of the dark future.

Charleston News and Courier: One way in which to bury the past is to provide for the political funeral of Theodore Roosevelt.

A GENTLEMAN'S RAILROAD.

P. V. Daniel, "Virginia gentleman," was one of the general officers of the old Richmond, Fredericksburg & Potomac railroad.

Even in those days, before the Civil War, the road was prosperous, and at a meeting of the board of directors some progressive introduced a resolution to reduce the rate for passengers from 17 to 11 cents a mile.

Instantly Daniel, who was chairman, declared the motion "out of order."

"Why?" protested its patron.

"Why?" thundered Daniel. "If you do that you will have every rag and bob-tail in the State of Virginia riding on our road. That's why!"

The resolution was unanimously tabled.

Awkward Squad Quits

WASHINGTON, October 4th.—The entire rebel army in Managua, Nicaragua, was captured with all its ammunition, arms and artillery after a four hours' battle with Government troops at 1 o'clock yesterday morning.

Ohio has 14,640 Royal and Select Master Masons, a gain of about 1,000 in the last year.

More than 14,000 barrels of winter apples are to be placed in cold storage at Henderson, Ky.

Heavy break in cotton prices on condition and ginners' report caused decline of \$1.60 a bale.

Estimated that United States Steel Corporation will show net earnings in excess of \$10,000,000 in first quarter of 1913.

Canadian Pacific to issue \$60,000,000 additional stock at \$175. No call on new stock will be made before January, 1913.

Editor M. O. Wilson of The Vanceburg Sun is a candidate for Representative on the Republican ticket in Lewis county.

It is said by prominent railroad officials that it would require \$10,000,000,000 to put the railroads in proper shape to handle the increasing crops of the country.

The annual convention of the Ohio National Guard Association will be held at Cincinnati November 25th and 26th. About 350 officers of the O. N. G. will be in attendance.

CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly troubles," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer."

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm. There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles. R. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

OLD FARM

FOR SALE

—ON—

The 23d Day of November,

At 2 o'clock p. m., we will offer for sale the highest bidder the old Lloyd farm of

256 Acres

On the Salem Turnpike, one and a half miles Southeast of Germantown, in Mason county. This farm has been in continuous possession of the Lloyd family since 1832. It has had careful management, has always been a famous tobacco farm and is now in a high state of cultivation. This farm can be divided to advantage and will be offered for sale in parcels and as a whole. There is a good two-story dwelling, a tenant house, all necessary outbuildings, barn room for 25,000 pounds of tobacco, a never-failing and well-distributed supply of stock water, and fencing in good condition. The place is one and a half miles from churches and schools on a good turnpike that leads to the stable door. This farm pays a good per cent. farm on the tenant system and is desirable either as an investment or as a home. For further information apply to Dan H. Lloyd, Germantown, Ky.

In asking for the decrees the Lyon brothers named two maiden men, their brothers as co-respondents.

GO AFTER THE MEN, IS BISHOP'S ADVICE

Methodist Ministers Hear Earnest Plea at their Opening Session

In his address to the Methodist Ministers' Association at Wiley Chapel, Bishop Walden declared that 75 per cent. of the American born men of Cincinnati are non church goers. Bishop Walden claims that the pulpit had lost the drawing power it once had, and that the men must be brought to church to hear the gospel.

His voice shaking with emotion, Bishop Walden urged the men assembled before him to begin their year's efforts by praying for other men.

GUN CLUB SHOOT

Crack Shots to Try Their Skill Here October 10th

Thursday afternoon, October 10th, the Mason County Gun Club will be visited by some of the best professional trap shooters of the country, among whom will be Mr. Rolla Heikes and Mr. C. R. Cagood of the U. M. C. Company and Mr. Woodfolk Henderson of the Patena Cart-ridge Company, with others yet to be heard from. These gentlemen will give exhibitions of their skill at smashing clay targets with their respective ammunition and guns.

In connection with this entertainment the local club will shoot a program of five, twenty target events and a special event of twenty-five targets for a handsome trophy donated by the club. This latter event will be a distance handicap for amateurs only and the handicap will be arranged from the twenty target events.

A man may marry in haste and repent at leisure. But by the time a woman has dressed the children, ironed a few things, washed the dishes, scrubbed out the ice box, cleaned the beds, dusted the parlor, gossiping with the women next door and read the bargain sales, she is too tired to repent of anything.

Wants \$1 From Each Teacher

W. A. McCurdy of Columbus, O., State Inspector of Schools, has taken charge of the campaign to induce Ohio school teachers to contribute \$1 each toward the election of Governor Wilson, so the announcement has been made. He will collect the money and forward it. School officials of other states have refused to serve in such capacity.

BULL MOOSERS SUSTAIN FALL

Only in Louisville Do They Split Republican Vote

Frankfort Women Show as Much Interest as Those Elsewhere

Frankfort State Journal.

Outsiders of Louisville where faction disorders have rent the Republican organization, and the Progressives have a newspaper, and the regular Republicans none, the Progressives made a poor showing at the registration in Kentucky cities Tuesday. In Louisville the Republican vote was split approximately in half the first day, while the Democrats gained three thousand over last year's registration. Independents are scarce this year, partly because it is presidential year and partly, perhaps, because one's party allegiance cuts some figure in his right to participate in the primary next August when a United States Senator will be voted for as well as county officers and members of the General Assembly.

THE FUTURE.

The two parties casting the largest and next to the largest vote will hold primaries; the others must get on the ballot by petition. The progressives had entertained some hope of outdistancing the regular Republicans this year and seeing that organization out of the primary and into the limbo of "other parties." Indications are that the Progressives will have to fight to "show" against the Socialists. They still contend that the registration is no criterion by which to judge the vote Roosevelt will get, and "you'll see when the returns come in."

Especially disappointing was the showing of the Bull Moosers in the mountain towns of Middleboro and Pineville, where the regular Republicans registered 337 to their 63 and 180 to their 32, respectively.

At Lexington they mustered only 107 to 3,224 Republicans, who made a gain. Owensboro, Henderson, Shelbyville and other cities report the same fall down of hopes and predictions. The Democratic registration showed no defection to the new party.

THE WOMEN.

They ignored us fairly well. At Lexington 1,400 out of 8,000 registered and in Louisville 4,416 registered the first day. Frankfort women did better than the women in most places.

FOR MAYSVILLE PEOPLE**MAYSVILLE CITIZENS' EXPERIENCES FURNISH TOPICS FOR MAYSVILLE DISCUSSION**

The following experience occurred in Maysville. A Maysville citizen relates it. Similar experiences are occurring daily. Maysville people are being relieved. Getting rid of distressing kidney ills. Trying Doan's Kidney Pills the tested Quaker remedy.

Maysville people testify, Maysville people profit.

The evidence is home evidence—the proof convincing.

Maysville testimony is gratefully given.

Maysville sufferers should heed it.

W. F. Lynch, 127 W. Third street, Maysville, Ky., says: "Doan's Kidney Pills are a fine medicine. My kidneys were weak and the action of the kidney secretions were easily and painless. Having used Doan's Kidney Pills before, I again got a box and their use quickly restored my kidneys to a normal condition. I continued using Doan's Kidney Pills and they completely relieved me."

For sale by all dealers. Price 50 cents.

ROOSEVELT BULL DOZES COMMITTEE

Friday before the Senate investigating Committee Theodore Roosevelt tried and was partly successful in bull-dozing the Committee. Of course he virtuously denied all connection with any attempt at collusion with the big trust in his various campaigns. He made a brazen witness and exclaimed:

"Senator Penrose should be driven from the Senate, because of his acknowledged friendship with Standard Oil interests. Charles H. Hill and Congressman Bartholdt should be forced to prove their statements that some primary campaign funds this year had amounted to \$3,000,000 or \$4,000,000 or should be driven out of public life."

It is some relief to know that this big-headed and pig-headed ruffian will henceforth have little influence in this world.

THE TARIFF ALWAYS AN ISSUE.

The following article, written for a Maysville newspaper twenty-four years ago, shows that a protective tariff has always been considered a commercial necessity in the United States.

The article was written by our fellow-citizen, W. H. Lynch, in reply to an article by the late Dr. R. N. Taylor, father of Dr. A. O. Taylor of Maysville:

[Communicated.]

Mr. Editor: I have read with interest the article on Free-Trade, from the pen of Dr. Robert N. Taylor, of Tollesboro, Ky. In that article he says that free trade will protect American labor. With all respect for his views and opinions I beg leave to differ and ask for space in your excellent paper for a brief reply, believing that it is a positive duty of the press to discuss the question, because of the too general lack of correct knowledge of the principle involved and its bearing upon industrial affairs; labor, capital and trade, home and foreign. There is a diversity of sentiment among the masses on the tariff; a very few favor absolute free trade, others free raw materials only. Some are moderate protectionists, but the mechanic should favor the excluding of everything possible to be produced successfully in this country. I believe that nine-tenths of the workingmen of this city favor protection to American industry as not only the wisest policy but a principle founded upon necessity and never safe to abandon; and all should demand the most stringent regulations of immigration tending to degrade, or in any way lower the American workmen's condition as to remuneration and employment. The Republican platform favors protection to labor as well as capital and restriction of pauper contract and Chinese immigration. The Republican party is for protection all the time. The Democratic party dare not go before the people on a free trade plank, but after election a portion of its members talk revenue reform. The party is not consistent. The South is rapidly changing to manufactures. For these new industries to succeed without protection is impossible. Hence, if possible, (very doubtful) the Democratic party is forced to adopt a free trade platform it is certain to soon lose the Southern vote and in any case would be defeated. The past proves nothing more surely than this. There has been a most persistent effort made, mainly under foreign influence—to blind and mislead the people on this question in hopes of profiting the foreign manufacturers through the injury or ruin of our

BEER LAW

Will Be Asked of Congress Following Decision

The Department of Justice has handed down a decision to Secretary Wilson holding that there is no warrant in the present law for a ruling that only certain ingredients must be used in the manufacture of beer and it has been decided to appeal to Congress for the enactment of a law that will give the Government authority to demand that only barley, malt, hops, yeast and potable water enter into the manufacture of the beverage.

own. Is it in any sense good statesmanship to let this influence go on unnoticed or unopposed? If the people are ignorant or unconcerned should they not be enlightened? No nation ever prospered without protection in some form. Duties are paid chiefly by the foreign producers. Under the influence of inventive skill conditions are rapidly changing, compelling each nation to guard its interests more carefully than ever before. Under all the circumstances then is it policy for the mechanic to vote with the party that advocates free trade? Emphatically we think not. Dr. Taylor says Free Trade will protect from foreign competition the products of American industry. I know that I but utter the sentiments of a majority of the mechanics of Maysville when I say that they would not support candidates who are in favor of admitting free of duty such articles as will place them in competition with the cheap labor of Europe. They are men of good sense and no amount of sophistry can convince them that they will be benefitted by cheapening the the articles they make. Their trade is their entire capital and they are as sensitive on this subject as the millionaire is on the cheapening of money or the lessening of interest. Do we not see most of the nations of the world putting up tariff bars to day? They are compelled to do this in order to save their own industries from ruin and the lowering of the workingman's wages. Does this harm labor? Does it harm other nations? No! On the contrary, the more prosperous and the better pay a nation ensures to its workmen the better it is for all other nations. Of what advantage is a poor impoverished people as neighbors? What kind of a market do they provide for the other nations? A worthless one because they are too poor to buy. On the contrary, rich people are good customers no matter how much they manufacture or raise themselves. They are ever wanting and buying more. If the workingmen of this country fail to take a firm stand in favor of protection they will commit a fatal mistake in my humble opinion. A positive proof that they will has been signalled in the defeat of Morrison, of Illinois, and the large decrease of the vote of John Carlisle in Kentucky, upon the Free Trade issue, which tends to show the Democratic party that it must cease to champion free trade to be victorious, and that the workingman must look to the Republican party for the betterment of his condition, the party that is the true champion of his rights.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. It's a Pity

Clothing can't be sold as its value. Like tobacco, it is a commodity, and like tobacco, it is a luxury. It is a pity that the average man, who is not a tobacco smoker, does not know the value of his clothing. He buys it at a price that is not its value, and he wears it until it is worn out. Then he buys more, and the cycle repeats itself. It is a pity that the average man does not know the value of his clothing. "CLEAN UP DAY"

Mayor Lee Joins Gov. McCreary in Request to Make Tomorrow "Red Letter Day"

The Governor has proclaimed Tuesday, October 8th, 1912, as "CLEAN UP DAY" in Kentucky. This is a matter of the greatest importance to the public, as a united effort in this direction will surely reduce the fire rate and in time the fire rate. Therefore, I ask for the general removal of the rubbish in and about business houses, factories, residences, yards, etc. The putting in order of houses and premises in advance of winter will save many fire losses that are due to come otherwise through defective chimneys, stoves and other heating arrangements. Be sure to see that chimneys, stoves, grates and piping are in good condition before starting to burn. After our state-wide "CLEAN UP DAY" I will request Chief Hite to have his men make an inspection of a entire city in order to see how "CLEAN UP DAY" has been observed by the citizens of Maysville. Very respectfully,
J. WESLEY LEE, Mayor

BLUE GRASS LEAGUE

Maysville, Lexington and Frankfort Made Money Last Year

—Eight Teams This Season

Lexington Leader

The directors of the Blue Grass League met in the offices of the Lexington Baseball Club late Friday afternoon, when the affairs of the past season were wound up, a slight assessment on each club being found necessary to meet the expenses of the league, and the outlook for the 1913 season was discussed. Lexington, Frankfort and Maysville reported to have made money on the season. Richmond broke about even, but Mt. Sterling and Paris both lost heavily. In both places this was probably due to the poor showing the teams representing the towns made in the race and not the lack of baseball interest.

The directors all seem to feel that the league will be much stronger next year, and it is rumored that two more cities will join the league, making it a regular eight-team circuit, but the names of the towns were not given out, and probably the directors themselves do not yet know. Those present at the meeting were:

Messrs. A. L. Coleman, Frankfort; T. M. Russell and James Summers, Maysville; J. W. Bacon, Paris, (by proxy); Finney of Mt. Sterling; T. A. Sheets and Hogan Yancey, Lexington.

WHY DON'T YOU TAKE BETTER CARE OF YOUR HAIR?

Don't let it turn grey. Don't let the Dandruff get a foothold and start the hair falling out.

It's not natural that young women should have thin grey hair that they cannot dress becomingly.

It should always be natural-colored—luxuriant—full of life and radiance—free from ugly grey hairs and annoying Dandruff.

Nature intended that a woman's hair should be one of her chief attractions.

Why not help her to keep it so?

RIVER NEWS

The gage marks 6.8 and falling.

An escaped ape from an itinerant show back of Aberdeen made its appearance in town yesterday morning and created some what of a tumult among the sedate villagers. It is still wandering at large with a \$25 reward offered for its capture.

Off For the Works

Yesterday evening the steamer Enquirer landed at the wharf here and took aboard twenty-one laborers destined for Abland to work on the construction of Lock and Dam No. 29. The entire number aboard the boat, gathered up at various points along the river towns, was probably one hundred and fifty. None of Maysville's habitual loafers were among the number.
